WORK EXPERIENCE

Web Developer Intern
ShapeMySkills by DUCAT

July 2025 - August 2025

- Developed responsive web pages using HTML, CSS and JavaScript while collaboration with designers to improve UI/UX.
- Successfully completed multiple tasks, assisted in developing and maintaining web applications, ensuring performance and scalability.

PROJECTS

Food Delivery Web Application (React.js, Redux Toolkit, Tailwind CSS)

- Developed a responsive food delivery web application using React.js, Tailwind CSS, and Redux Toolkit.
- Built reusable components with category-based filtering, search functionality, and dynamic food listings.
- Deployed the application with optimized UI for both mobile and desktop devices.

Calculator Web Application (HTML, CSS, JavaScript)

- Developed a responsive calculator web application supporting basic arithmetic operations with real-time input handling.
- Implemented efficient event handling and expression evaluation logic to ensure accurate and fast calculations.
